## Achieving Facilitation Excellence

Leadership Strategies 

### Facilitation...Fundamental to Leading, Engaging, and Getting Results

How much more effective would you be if your facilitation skills were truly at the mastery level? Don't just take your skills to the next level; take it to the very top with our *Facilitation Mastery Program*. Leadership Strategies, the worldwide leader in group facilitation, is offering a new fast-track program that will show you how to maximize engagement and drive greater results from your group sessions. With a powerful combination of dynamic face-to-face instruction, virtual learning and monthly web-based follow-up sessions, there's never been a more direct path to Facilitation Mastery.

### The Leadership Strategies Facilitation Mastery Program

You'll master the 10 fundamental principles of facilitation, be able to back them up with over 100 specific techniques, and then receive advanced training, virtual facilitation training, and certification guidance and coaching that prepares you for becoming a Certified Master Facilitator.

Designed for professional facilitators, project managers, focus group leaders, consultants and business analysts, Facilitation Mastery will show you how to create trust and confidence, command authority, mobilize others, foster collaboration, build consensus and drive better outcomes. There's no greater investment than in your own mastery.
